

## Pazdrain

Spatial HDPE membrane for protection, drainage and infrastructure

### Product description

PAZDRAIN is a high density polyethylene membranes (HDPE), with high strength level protrusions, and serves as a unique solution for mechanical overlap in the “plug-in quick fit” method between membranes.

### Product Uses

- ✓ Protection of the waterproofing in basement walls and floors.
- ✓ Creating a clean and leveled infrastructure as an alternative for lean concrete.
- ✓ Water drainage between the excavated rock wall and the concrete casting.

### Packaging

19 meter length, 2.1 wide rolls.

### Advantages

- ✓ Before using the product please read the safety data sheet (SDS) that can be received in Pazkar LTD Company.
- ✓ The membrane is designed for horizontal and vertical installations.
- ✓ Fast water drainage.
- ✓ High strength level for protection of the waterproofing system from refills.
- ✓ Preventing creation of hydrostatic water pressure over the waterproofing system.
- ✓ Quick and easy application Packaging

## Technical Specifications

Test type	Test type
Sheet color	Black
weight (gr/ml)	400
Protrusions height, mm	8
Pressing strength, KG-Newton / SQM	140
Length / Width stretching strength, KG/Newton / MNewton / M	5.2 / 4.8
Elongation %	25
Roll length, m	19
Roll width, m	2.1

## Method of use

### Method of application

- ✓ The PAZDRAIN sheet is easily applied, and no special experience or skill is required.
- ✓ The sheets can be connected using the “plug-in” method.
- ✓ Cutting the membrane to the required length is done using a sharp knife.
- ✓ Connecting the membrane to the walls is done using steel nails and yardsticks above the waterproofing system.
- ✓ Adhesion between overlapping rolls can be done using spreading of FLEXPАЗ H.

For Safety detailed instructions please refer to Pazkar’s safety data sheets (MSDS)

#### Warranty

Pazkar’s products are manufactured to rigid standards of quality. Pazkar makes no representations or warranties with respect to the accuracy or completeness of the contents of this publication and reserves the right to make changes to specifications and product descriptions at any time without notice. Users must always refer to the most recent issue of the local product data publication for the product concerned. The user of the product must test the product’s suitability for the intended application and purpose. Due to differences in materials, substrates and site conditions Pazkar assumes no liability whatsoever, and disclaims any express or implied warranty, relating to its products including but not limited to, the implied warranty of merchantability, fitness for a particular purpose, nor any liability arising from any legal relationship. Subject to our terms and conditions, Pazkar grants a product warranty certificate for specific products, for any further information please contact us at [info@pazkar.co.il](mailto:info@pazkar.co.il). All orders are accepted subject to our current inventory, terms and conditions of sale and delivery.
